Northampton, Mass., June 7 .- J. Ogden Burt, father of Miss Mabel Burt, under arrest here for stealing trinkets valued at \$1,000 from girl students at Smith College. visited the girl in juli to-day. An affecting scene followed. As the two met the father was unnerved, but the young woman main tained the same self-possession and unconcerned air that has marked her bearing times arrested. Father and daughter talked earnestly together for about twenty minutes and then Mr. Burt left the Jall.

In conversing with juli officers to-day Miss Burt said she deserved punishment. She cannot tell what made her commit the crime. She did not realize what the consequences would be. She expressed a hope that her friends would not hear of he downfall, and above all that there would be nothing about it in the papers. A list of nothing from the late of the college houses has been obtained by the officers. These are mostly gold rings, diamonds and watches, and these were pawned in New York and other places.

REPUBLIC SPECIAL.

Bridgeton, N. J., June 7.—All Bridgeton is shocked at the news from Northampton, Mass., of the arrest of Miss Mabel Burt for robbery in Smith College. Miss Burt has a very wide circle of friends here in the best society. These who are closest to her say that for nearly a year it has been noticeable that Miss Burt has been different in disposition than formerly. Usually she has been very retiring and unusually backward in appearing publicly. Recently she has been apparently bold and forward, and entirely unmindful of public opinion.

Last summer Miss Burt was enjoying a picine party when she was thrown from a hay shelving, striking upon her head. It is jeared that she may have suffered mentally from this accident. The family of J. Ogden Burt is one of the most respected in the community, and the family has the sympathy of the entire public.

#### PATCHES.

Why Brown Ones Come on Faces.

When a woman can get rid of brown patches on her face by changing her diet it is worth while for other women who care for their complexions to know something of the method.

A lady in Michigan City, Ind., who does not want her name mentioned, says that coffee caused the brown patches on her face by first giving her stomach trouble; then putting her nerves out of order, and the result was shown in her complexion.

She quit coffee and began using Postum Food Coffee, and in less than a month the stomach trouble disappeared, and within two months her complexion cleared up and is now line and rosy.

She speaks of a Mr. Knight and Gideon Hunt of Westfield, Ind., who have both been improved in health by leaving off coffee and taking in its place Postum Food Coffee; also a Mr. and Mrs. Jesse Stanley of the same place, who were in poor health and, suffered from stomach trouble. They quit coffee and after using Postum a short time the result was that natural eleep, return of appetite and a gain in strength as fast as nature will rebuild.

She gives the names of a number of other persons who have been helped by leaving

as fast as nature will rebuild.

She gives the names of a number of other persons who have been helped by leaving off coffee and taking Postum Food Coffee.

It is a safe proposition that if any coffee user has stomach or nervous trouble, or had complexion, he or she can get rid of the trouble by discontinuing coffee and taking Postum Food Coffee. It is easy enough to prove the truth of this by making a trial.
